From the Principal's Desk

Dear Faculty Members, Staff and Students,

Greetings! I would like to take this opportunity to reflect on our collective accomplishments and the exciting journey that we have treaded together and a promising future that lies ahead. Our college has continued to thrive as a community of learners and leaders, dedicated to academic excellence, personal growth, and service.

This term has seen inspiring progress, academic and research initiatives to vibrant student-led events that highlight the incredible talent, ideas, and commitment. Together, we are creating a college environment that is rich with opportunities, fostering both intellectual growth and personal development.

The college has added new dimension to the journey of growth by adding a significant course in 2024-25, i.e., the Four Year Teacher Integrated Teacher Education Programme (ITEP) which is recognised by the National Council for Teacher Education (NCTE), New Delhi. I congratulate each one of the team that worked tirelessly over a period of time.

The college has also seen a marked improvement in its physical infrastructure base and also in academic and co-scholastic activities and performance. As we look to the future, I would like to urge and encourage each one of you to continue embracing challenges and exploring new opportunities. Let us support one another and work toward creating a learning environment where everyone feels valued, inspired, and empowered to succeed.

Thank you for your hard work, dedication, and the energy that you bring each day. Together we can continue to make this college a beautiful place of inspiration, learning, research, innovation, and growth.

With warm regards,

Dr. Kishor Singh Rajput
Principal

With immense pleasure we present to you The CDC Newsletter No. XIV-XV which is the latest edition that compiles and updates data from the academic years 2022-2023 and 2023-24. This newsletter serves as an amalgamation of two years' worth of academic and cultural activities, extension services, achievements of faculty and students, sports news, updates from the Student Union and other extracurricular activities. We would like to express our sincere gratitude to our principal for his steadfast support and encouragement, which was essential in guiding us through the unexpected challenges we faced while preparing this issue.

Publishing this newsletter regularly serves as our method of producing a brief yearbook for our institution, chronicling the activities of each cohort along with messages from faculty and administration.

Thank you to everyone who contributed their time and information, making this publication possible. Your dedication is truly appreciated!
